

Bongo Sessions

The children have recently undertaken Bongo Sessions at the nursery, they are each given a bongo drum and asked to drum out their name in a rhythm. The children listen really well to Angela and enjoy having a new experience whilst at nursery. They seem to be listening to each others rhythms as well as trying to make their own and they are very careful with the drums. The children are asked which songs they would like to sing to the drumming and each choose one for the group to sing.
